THE MASK YOU LIVE IN Teen Wellness Film Series

Research shows that, compared to girls, boys in the U.S. are more likely to be diagnosed with a behavior disorder, prescribed stimulant medications, fail out of school, binge drink, commit violent crime, and/or take their own lives. *The Mask You Live In* follows boys and young men as they struggle to stay true to themselves while negotiating America's narrow definition of masculinity.

“Unmasking” Workshop led by Ashanti Branch, Executive Director & Founder: Everforward Club

In this Workshop, Ashanti will reveal what our own TUHSD students have shared regarding the mask THEY Live In.

Counselors in the TUHSD Wellness Centers have been collecting words, drawings and stories from students about what they share with others, versus what they truly feel. Ashanti will shed light on these stories and discuss how we can best support our teens.

“By closing the gap between who we are on the inside and who we show up as at school, we create more meaningful connections, healthier communication, deeper engagement - and ultimately more powerful results”
